TO: Port Authority of Guam Customers
FROM: General Manager
SUBJECT: NOTICE TO THE PUBLIC CUSTOMERS

The Port Authority of Guam (PAG) wishes to advise its customers of its intent to file a petition with the Public Utilities Commission (PUC), requesting for a new fee structure for water and landside activities conducted on Port Properties. The proposed fee structure is specific to a vendor fee for all non-tenant dive operators for “for profit” operations at Outhouse Beach; and facility use fees for Family Beach and Port Beach. The purpose of the proposed fee is for cost recovery for the administrative processing, staff monitoring, control and maintenance of those port facilities.

After the filing is made, PUC will review the petition with supporting documentation and schedule a time for the rate case to be presented to PUC commissioners. During this time, the public will be given an opportunity to provide testimony to the PUC on three different hearing dates throughout the island. PUC will also notify the public of the specific dates upon which the hearings will be scheduled. The notice of the established proposed rates (attached) may be viewed at the Port Authority’s Administration Office or on its website at <http://www.portguam.com>. Any public comments concerning the proposed rate structure may be submitted to PAG at the address above.
